# French Crossword Puzzles For Practice And Fun (Dover Language Guides French) (French Edition)

## Synopsis

French-language students at all levels can sharpen their vocabulary and spelling skills with these entertaining crossword puzzles. The 72 amusing challenges contain everyday terms related to French culture, technology, food, animals, anatomy, and other subjects. Three different types of puzzles are included: English clues and French answers; French clues and English answers; and French clues and French answers. Complete solutions appear at the back of the book. Bonne chance!

## Customer Reviews

I am a huge francophile! After 10 + years of study and experience, I continue to expand my knowledge and experience through the use of various media. I bought this item because it seemed to be a great way to help maintain my French. The majority of the puzzles in this book are fun and challenging; while a lot of the others are next to impossible. For example: some of the puzzles have squares missing; thus the entire word (as shown in the answer key) won't fit. And the use of several archaic words, ie: words that one would never learn in a university or academic setting, makes for a big disappointment.

These puzzles are really, really hard. Thank goodness the answers are in the back. I think even native French speakers will have difficulty solving them.

I took this book to a former French teacher who was recovering from surgery and was confined to bed. It was better than flowers! Kept her occupied and was challenging and fun. It passed the time quickly.

first couple of puzzles were filled in but still real good

Great Product for all french TEACHERS to use it with students!!'m using this book to make fun the french class

Great and affordable product. Good weight which means less pressure while cutting. Excellent ergonomic. Sharp. Cutting tomatoes and onions was a pleasant experience. I bought this product to replace a old one. the old one has been broke in my family , fast shipping. great and good experience. value for this price.
