Madagascar & Comoros 1:1,200,000 Travel Map, Waterproof, GPS-compatible REISE

Synopsis

Madagascar & Comoros 1:1,200,000 Travel Map, waterproof, GPS-compatible REISE This map is waterproof and tear-resistant, durable enough to survive time spent in the rucksack, pocket or on a restaurant table in the humid climate of Madagascar. It is double-sided to provide the best balance between a good scale and a convenient sheet size (size 100 x 70 cm / 39.5 x 27.5 in) with topographic and tourist information. The scale is 1:1,200,000 and coverage includes the Comoros Islands and Mayotte. Topography is indicated by altitude colouring with spot heights and mountain passes, names of mountain ranges and plateaux, seasonal rivers and lakes, mangroves and coral reefs. Road information includes seasonal tracks and indicates intermediate driving distances on main and secondary roads and locations of petrol stations. Railways, local airfields and coastal ferry connections are also shown, as well as internal administrative boundaries. National parks and protected areas are marked and symbols highlight various places of interest: selected accommodation including campsites, UNESCO world heritage sites, rovas (former royal palaces), beaches, surfing and diving locations, viewpoints, wells, medical facilities, etc. The map has a latitude / longitude grid at intervals of 1° and an index of localities with a separate list of national parks and reserves. Multilingual legend includes English. High quality German cartography.
