It may be accepted nation-wide for homosexual marriage, but we all know that there will always be those who will not accept it. At the same time, those who are homosexual are the ones who are judged, harassed...and watched... Sylvie Nation tells of a young girl, Dez, who had fallen in love with Britney and had become a couple. But Dez was having a hard time with accepting the attention that was made every time they went out together. All they had done was go out to dinner... But a group of men had watched them all through the meal and then followed them when they left...Most of us have known people who were in same-sex relationships...Most of mine have been in a business environment or in a group situation where you don't think about their personal choices...This story, therefore, for me, was an eye opener. We've all heard of cruel harassment or even worse, but

normally that is told to us second-hand. I applaud Sylvie Nathan for writing this short that will surely be of help to young teens who are already or will begin to face this sad and hurtful type of discrimination...Britney was able to have those hurtful feelings slide off her back, without making a scene. Not so Dez... And when it caused trouble between them, Dez chose to not go out as a couple again...Obviously, that was not the answer...So Britney decided to give her an ultimatum!This is a heartwarming, sad, and, finally, victorious story that is well worth your time. It's a short story with a big message for both straights and homosexuals as well. It's time to accept the world's people as they are... Love is a beautiful story in itself...GABixlerReviews
