The Bluebook Uncovered: A Practical Guide To Mastering Legal Citation (Twentieth Ed. Of Bluebook) (Coursebook)

Synopsis

This new book provides a fresh, innovative approach that enables students to master the Bluebook citation rules needed in legal research and writing courses and in legal practice. It combines detailed, yet easy-to-understand, explanations and examples of Bluebook rules with different types of exercises, which are also available online. The exercises begin with multiple choice questions that assist students' mastery of discrete rules, followed by short answer questions that allow students to practice implementing the rules by drafting individual citations. Finally, a comprehensive exercise puts citations in the context of a legal document and requires students to make the necessary corrections. The available answers for all exercises include detailed explanations that further students' understanding of the applicable rules. Chapters and corresponding exercises in this book cover the following topics: Introduction to legal citations, Cases, Statutes, Other primary authority (constitutions, rules, and administrative regulations), Court & litigation documents, Secondary authority (books and periodicals), Prior & subsequent case history, Parallel citations, Parentheticals, Nonprint sources, Quotations, String citations, Introductory signals, Pinpoint information, Capitalization.

Book Information

Series: Coursebook

Best Sellers Rank: #237,069 in Books (See Top 100 in Books) #85 in Books > Law > Legal Education > Legal Writing #153 in Books > Law > Legal Education > Legal Profession #2663 in Books > Textbooks > Law

Customer Reviews

I LOVE this book. Professor Anthon was my professor at FIU Law and at first I thought that it was a little unethical to force us to buy her own book. Today, I stand corrected. She KNOWS what she's talking about and I think that it will make my planned career as an appellate attorney a LOT

EASIER! I had to leave FIU and go to a private law school due to family reasons, but chose to hang on to this book because it is worth EVERY SINGLE PENNY! In short, 2 Thumbs up for a book that yields total value for money. I don't regret buying this book and I don't think anyone else will regret buying Professor Anthon's book either.
