Customer Reviews

All these recipes and pictures are taken from food.com so if you want Portuguese recipes, go there, do a search on "Portuguese" and you'll get 436 recipes for free. "Sheila A Black" never wrote or took a picture of any of these recipes. She just cuts and pastes them off food.com and makes it sound as if she knows what she's doing. But she doesn't. Portuguese French Toast is actually from global-recipes.com and credited as such in the recipe this "author" pilfered from food.com. On the "Asordo" recipe she "forgets" to explain what she substituted for "piri piri" so it looks like the recipe is incorrect which it is. She's not a very clever cut and paster for sure The whole book is just more of the same.

I'm not sure who the earlier reviewers are, but either they are related or paid. Though it was interesting to see some of the recipes, the directions, grammar and spelling make them next to useless. Some of this could be forgiven if the author has perhaps translated from the original, but still, the vague directions and lack of order / cohesion are not worthy of being called a cookbook.

The meals inside this cooking book are tasty and nutritious. This cookbook contain Top class delicious and easy recipes. Each recipe is accompanied by a captivating photo of the final dish. Ingredients are easy to follow and easily available in the market. Measurements of the ingredients

are precise. Directions for each of the recipe is very easy to follow. From me, I highly recommend this cooking book.

I remember some of these recipes from living in an ethnic neighborhood in Rhode Island. The recipes here are very close to the ones I knew growing up.

i am portuguese and have never even heard of most of these recipes.

Free

Great recipes I would recommend this book to everyone I know. I can't wait to cook some of these great dishes.

The dishes in this cookbook are nutritious yet very tasty and mouthwatering. You can't go wrong with these dishes because I tried some of these recipes and they taste very delicious. This is a very well done collection nutritious recipes, the recipes are healthy, easy to cook and more importantly are delicious. There is one plus point to this cookbook is that every each one of the recipe is accompanied with a captivating and colored photograph of the finished dish. The directions for the recipes are step by step and explain the whole process of cooking in easy to understand words. The ingredients for each of recipe are very clearly written. Weight and measurements are precise and accurate. You don't have to think over how much you need to put in a specific recipe. There are recipes which you might think will think whole day but the author has created short-cuts for such recipes. You cannot go wrong with such nutritious collection of recipes in this particular cookbook. You don't have to search for mouth-watering and recommended recipes for your health other than this cookbook because this cookbook has covered all of it. I will highly recommend this cookbook to everyone who wishes to eat healthy, nutritious and tasty food.
