Wodney Wat's Wobot

Synopsis

The meek woden't hero, rodent hero with a speech impediment and a heart of gold is back! So is Camilla Cpybara the BIG bully who makes poor Wodney and his classmates tremble. But this time, Wodney has a secret weapon: a robot that helps him pronounce his words and seems to be just the thing to scare Camilla away for good. Now in paperback, this empowering sequel to Hooway for Wodney Wat reminds us that the little guy can finish first, and it's often brains not brawn that save the day.

Customer Reviews

"Lester's precisely worded text creates a wide range of emotions, from joy to gloom to satisfaction, while Munsinger's expressive line-and wash illustrations capture every nuance of the amusing story." Booklist "This sequel will be embraced by youngsters who struggle with their speech and need some hints on how to handle the capybaras in their lives." Kirkus "Readers should have fun reading aloud in Wodney's voice, but multidimensional Camilla is a scene-stealer herself." Publishers Weekly

I absolutely love this follow-up book to Hooway for Wodney Wat. My granddaughter loved both of them.

My first graders really liked this story.

I used this book to educate my students about a classmate who stutters. Excellent resource. Great shipper, fast shipping.

such a great read aloud

was a gift. She seemed to enjoy it.

Kids really liked the same characters and the way the is written. It helps that everyone is not perfect and it is real for them.

I loved HOWAY FOR WODNEY WAT and I found WODNEY WAT'S WOBOT a disapointment, Sorry.

Seemed a bit forced, not as cute & clever as the original.
