## Customer Reviews

Immanuel Kant (1724-1804) was born in Konigsberg, Prussia, where he remained his entire life. His others works include Critique of Pure Reason and Religion Within the Limits of Reason Alone. H. B. Nisbet is Professor Emeritus of German at the University of Cambridge.

Kant is always a good read. While many people have heard his famous term, "Enlightenment is man's emergence from his self-assured immaturity," readers will learn much more than they imagined. Many people often dismiss sources and notes as idle information, but these notes are a must-read. Many philosophers write about reason, but Kant adds great flavor to his philosophy.

great book and service
