The Rough Guide To Croatia (Rough Guides)

Synopsis

The Rough Guide to Croatia is the ultimate travel guide to one of Mediterranean Europe's most beautiful and unspoiled countries. This full-color guide includes reliable and comprehensive coverage of all the sights and attractions, from walking a circuit of Dubrovnik's city walls to exploring the labyrinthine streets of Split to savoring the food, wine, and breathtaking nature of the Dalmatian islands. The Rough Guide to Croatia offers practical, informed advice on how to enjoy everything from sea-kayaking and mountain hiking to sunbathing and swimming to the best in contemporary art, culture, and clubbing. Up-to-date listings pinpoint the best caf  s, hotels, shops, nightlife, and restaurants for all budgets, ensuring you have the most memorable trip imaginable. Make the most of your time with The Rough Guide to Croatia. Series Overview: For more than thirty years, adventurous travelers have turned to Rough Guides for up-to-date and intuitive information from expert authors. With opinionated and lively writing, honest reviews, and a strong cultural background, Rough Guides travel books bring more than 200 destinations to life. Visit RoughGuides.com to learn more.

Average Customer Review: 4.6 out of 5 stars 6 customer reviews

Best Sellers Rank: #271,442 in Books (See Top 100 in Books) #34 in [Books > Travel > Europe > Bosnia, Croatia & Herzegovina](#)

Customer Reviews

I've always liked Lonely Planet but lately I feel like they're lagging. So when it came to Croatia this was a better book for me. I liked their honest point of view of the sites, how to approach it (distance, how long it takes to see it, etc), they listed the business hours and the entrance fees, and their restaurant recommendations were all spot on!! The ones in Dubrovnik were the best restaurants we could have hoped for. For the record, I bought both the Lonely Planet and the Rough Guide version,

scanned / read through both of them and went with the Rough Guide one. It also has more pictures to give you more of a reference. The one thing that Rough Guides is missing is more history. For eg, it hardly have any history on Plitvice NP. So we had to find this on another source.

Really loved this book when we toured Croatia. Detailed map showed even the smaller cities and described what we could see there. Will definitely buy the Rough Guide when we travel to Spain next year.

I've read only about a third of this book, as we are traveling only part of the Dalmatian Coast [Split to Bay of Kotor] and not going up the northern Dalmatian Coast or into interior Croatia at all. But the information, insights, and history provided in what I read were excellent. The writing style is authoritative, but not authoritarian, the content is informative, but not a simple listing, and the history--both ancient and modern--seems thorough and evenhanded. The maps are also well placed in the text, and generally include all the points of interest and sights the surrounding text is designating and describing. Don't be put off by my saying I read only a third of this book. This is a big book--478 pages. Of the 8 major sections, I read 2, plus the 55 pp. introductory sections and the 25 pp. history section [that was truly excellent, the author, Jonahan Bousfeld, is writing a book on Adriatic history due out next year, and because of the clarity and succinctness of his writing, I will look for this book]. If this book were on traveling in the USA, reading the section on traveling from Washington DC to the Florida Keys to Bermuda would be comparable to reading about Split to Dubrovnik to the Bay of Kotor in a Croatia travel book. Further, as I skimmed the sections on Zagreb, northern Dalmatia, and the southern Dalmatia islands, I wished our trip was going to be 3 or 4 weeks, not 10 days. I rank this Rough Guide to Croatia [March 2016 Ed.] as one of the best travel guides I've read--and we have a 2 bookshelf's of travel guides and have given or thrown away many others. While reading this book, I also read Rick Steve's. I generally like Steve's books and find them helpful, but too often slanted to the backpacker and budget-minded traveler--but still loaded with great info and tips. This Rough Guide to Croatia is a more "literary" and provides an excellent modern historical context for all the Balkans.

Great

Owing to the intense price hikes, a lot of the pricing info is out of date as of spring 2017. Loved the history portions, and the maps were excellent.

fast . I have owned many knives over the years, but this is the first real" bread product that I have ever owned. I really like the construction and design. It works exactly as advertised. I have used it on bread and tomatoes and it did the job perfectly well. I would recommend this product to anyone who needs a quality bread product." good memory. my family need to change a new one , it is recommend.
