Rhythm Reading For Drums - Book 1 (Meredith Music Percussion)

Synopsis

(Meredith Music Percussion). Rhythm Reading for Drums provides a highly organized, systematic approach to reading and understanding rhythm for the beginning drummer/percussionist. Basic rhythm patterns including counting system and foot tapping indications are introduced on each page in eight-measure studies followed by a short solo. Each solo serves as a page summary and a motivational tool for students. Music educators and private instructors will find this method to be a comprehensive approach to rhythm reading and musical drumming. An excellent method for class instruction, private lessons or as a supplement to any band method. [Click here for a YouTube video on Rhythm Reading for Drums, Book 1](#)

Customer Reviews

As expected

Excellent method book for my young beginner students. Gives a good start to the student looking to play in the elementary school band.

I use this book in my teaching for students aged from 9-20. It is throughfully laid out, progressive, and develops time and technique with proper guidance.

I have not recived this book it is well overdue you are very hard to contact this is the only way I can

get in touch with you also I did not received my other book by colin baley bass drum control received everything else thanks hope to hear from you soon regard from Waltunicorn@yahoo.co.uk
