# The Wisdom Of Laotse

## Synopsis

A cycle of short poems, this is a work of world literature and has the significance of the Bible for more than a quarter of humanity. Written in two halves, the "Tao" ("way") and the "Te" ("virtue"), it is treasured for its poetic statements about life's most profound and elusive truths. --This text refers to an out of print or unavailable edition of this title.

The Modern Library has played a significant role in American cultural life for the better part of a century. The series was founded in 1917 by the publishers Boni and Liveright and eight years later acquired by Bennett Cerf and Donald Klopfer. It provided the foundation for their next publishing venture, Random House. The Modern Library has been a staple of the American book trade, providing readers with affordable hardbound editions of important works of literature and thought. For the Modern Library's seventy-fifth anniversary, Random House redesigned the series, restoring as its emblem the running torch-bearer created by Lucian Bernhard in 1925 and refurbishing jackets, bindings, and type, as well as inaugurating a new program of selecting titles. The Modern Library continues to provide the world's best books, at the best prices. --This text refers to an out of print or unavailable edition of this title.

I don't normally review items, so this will be brief. As the title says, this book is indispensable to

anyone that has an interest in philosophy, ancient Chinese thought, or the basis of Taoism. It takes the entire Tao Te Ching and the core thoughts of Chuang Tzu that compliment the Tao Te Ching and puts them together in one very compact, well bound, hardcover book. This is one book you need on your shelf.

I found this book, the Lin Yutang translation, in 1969 in one of the many bookstores near Columbia when I was a grad student. Now, nearing old age, I am surrounded by hundreds of books in my library, but this book alone would be the one that most influenced the course my life has taken. Alan Watts once said that his many books of wisdom hadn't made him wiser. Perhaps it's personal temperament that the poetry of this book matched my already soft outlook on life, that drew me in. Of the many translations, even the new discoveries, this remains my favorite, the most moving, the deepest. May you happen upon it.

Best book on Taoism I have ever owned, and at one time I had over 40 in my collection. A MUST READ for a comparison of Lao Tzu and Chuang Tzu's writings.

Very good book.

Words to live by

hahaha, just kidding, great book, good translation (i think) , and it will affect how you talk about other philosophies I noticed

Very good book. I got this book from the library before I bought it. Would recommend it to all interested.

Taoism at its best of course.....to help show you the Way.
