"We like easy!"- this is how Barbara Groves and Mary Jacobson of Me and My Sister start their new book Simple Quilts from Me and My Sister Designs published by Martingale. Yet, they also insist simple doesn't have to be boring. The 12 quilts in Simple Quilts are fun, modern in feel and meant to showcase today's beautiful fabrics which are anything except boring! They even take easy beyond "easy as 1, 2, 3." The quilts count up to "easy as 1, 2, 3 all the way up to the last pattern titled "Easy as 12!" Very clever Barb and Mary! These easy patterns are based on various pre-cut shapes making kitting easy for you. And, don't you just love the pretty, happy cover? The authors offer down to earth advice on choosing fabrics. Great for fat quarters and other specialty cuts. They may be simple to piece quilts but they look quite impressive.

The patterns range from very beginner to more complex, though everything is within reach even for a new quilter. Not as complete in that the patterns refer you to a website for tips on binding and quilting your quilt, instead of including General Instructions in the book as their "3 Times the Charm book 2" does. Still, gorgeous fabrics and easy to follow instructions.

Wonderful book for beginner quilters or for experienced quilters who just want to do something relaxing and quick that is a modern take on traditional approaches. Clear descriptions for cutting and assembling the quilt, then adding the all-important finishing touches. A must for the new quilter or for a grandmother who needs a quick baby quilt. Lovely colors used in the sample quilts throughout.

I don't like buying quilt mags or books from the internet but this one sounded great. When I got it I was disappointed. It is very simplistic and boring. I could have gotten the patterns free online. I will stick with my policy of not buying quilt or craft books online.

My daughter is making her first quilt from this book and really enjoying quilt making. Several great projects in this.

Wonderful, easy and colorful book for beginner quilters. Makes quilting fun and easy. This book sells out over and over again in our local fabric store.

It wasn't what I was looking for, so I returned it. The patterns are simple if you don't read the convoluted instructions.

Excellent! I am a beginning quilter and these are all quilts I could actually do! All are attractive, look great, but are simple enough I could (and intend to) sew all of them. I can heartily recommend this book. I've done a lot of "mickey mouse" patterns but these, while simple, do not look as easy as they truly are.
