Undemocratic: Rogue, Reckless And Renegade: How The Government Is Stealing Democracy One Agency At A Time

Synopsis

Jay Sekulow is one of America's most influential attorneys and explores a post Obama landscape where bureaucracy has taken over our government and provides a practical roadmap to help take back our personal liberties. Jay Sekulow is on a mission to defend Americans' freedom. The fact is that freedom is under attack like never before. The threat comes from the fourth branch of government – the biggest branch – and the only branch not in the Constitution: the federal bureaucracy. The bureaucracy imposes thousands of new laws every year, without a single vote from Congress. The bureaucracy violates the rights of Americans without accountability – persecuting adoptive parents, denying veterans quality healthcare, discriminating against conservatives and Christians for partisan purposes, and damaging our economy with job-killing rules. Americans are bullied by the very institutions established to protect their right to life, liberty, and the pursuit of happiness. Our nation's bureaucrats are on an undemocratic power trip. But Sekulow has a plan to fight back. We can resist illegal abuse, we can reform a broken system, and we can restore American democracy. This book won't just tell you how to win, it will show you real victories achieved by Sekulow and the American Center for Law and Justice. Unless we can roll back the fourth branch of government – the most dangerous branch – our elections will no longer matter. Undemocratic is a wake-up call, a call made at just the right time – before it's too late to save the democracy we love.

“Jay Sekulow’s alarming and inspiring Undemocratic is a must-read for anyone who wants to restore American greatness.” (Sean Hannity) “If you read just one book this year, read Undemocratic and prepare to have your eyes opened to the true crisis facing our republic.” (John Ashcroft, former United States Attorney General) “Jay Sekulow is one of the top lawyers for religious freedom in the United States.” (Townhall Magazine) “The American Center for Law and Justice is the leading advocacy group for religious freedom.” (Bloomberg Businessweek)

Jay Sekulow is widely regarded as one of the foremost free speech and religious liberties litigators in the United States, having argued twelve times before the US Supreme Court in some of the most groundbreaking First Amendment cases of the past quarter century. As chief counsel of the American Center for Law and Justice (ACLJ), he is a renowned constitutional attorney, an international expert on religious liberty, and an acclaimed and distinguished broadcaster. Jay is a passionate advocate for protecting religious and constitutional freedoms with an impressive track record of success. His steadfast determination and commitment to protecting these freedoms is expansive with his work resulting in a lasting impact across America and around the world. He is a member of President Donald Trump’s legal team, and he is also a popular talk radio host and regularly appears on major media, including Fox News, CNN, ABC, NBC, CBS, and other outlets.

Every American who is concerned about the direction of the country in the midst of almost unimaginable change can learn a great deal from Sekulow’s careful, scholarly and nonpartisan analysis of the bureaucracy that grows more powerful daily. Thoughtful, thorough, and definitely alarming, it adds valuable input to these questions: How did we get in this mess and more importantly, where do we go from here?

Jay Sekulow does it again. Love the ability to listen while I drive. Love how I can re-listen to certain pieces. Everybody needs to listen to this. I have my grandchildren listen with me. They ask me to place it on long drives.

Impressive look into something that many, if not most, just take for granted everyday and feel frustrated or helpless that it can’t be changed. We can, should and need to now! Enlightening, informative and we’ll worth the read. Read and passed on to others stipulating they pass on after

reading. The information in this book needs to be addressed if we're going to continue to be a free nation. But not a radical, overthrow ideology. Yet thought provoking with solid facts to back information . Knowledgeable, confident writer too!

This book explains, in easy to understand detail, what our current government has plunged our country into and the steps we need to take to reclaim our American Heritage.

Jay "tells it like it is" in a "no-holds-barred" fashion. I'm willing to bet (based on the 2016 election outcome, for US), that there are a lot of people on the 'liberal-left' who hold him in contempt ... but, that's because they NEVER LEARNED what is "Good for them". Those who do *not* recognize the profound truths (expressed so clearly by Jay's works) have drunk the "Stoopid-Kool-Aid".

I have really learned why the bureaucracy in DC is so out of control and why regulation is killing small businesses and others. We are losing our freedoms and thank the Lord we have someone like Jay Sekulow fighting for us. I am a Christian and our freedom of speech and other freedoms are eroding before our eyes. I support ACLJ with a small monthly gift and if anyone else has concern about this I recommend that they support them too. Jay Sekulow and his son and staff do great work. I am 78 and if I was 20 years older I think I would be drawn to the front lines in this fight. It is that serious.

A true patriot and expert on Constitutional Law, Jay Sekewlow shows how our freedoms, bought and paid for by the sacrifices of our founding fathers are being stolen from by the ever-growing bureaucracy of our federal government and the abuse of Constitutional Law. A must-read for anyone wanting to keep the freedoms our founding fathers intended for us to have.

I highly recommend this book to those who want to understand what is happening behind you back in government. This book goes back two years and has proven very insightful and accurate based on today's news. Mr. Sekulow and the American Center for Law and Justice continue their efforts to expose and bring corruption to the public eye. The ACLU's actions and influence serve to restore and maintain our constitutional republic. They deserve our thanks for their efforts.
