The book had been written all over, I took pictures so that they wouldn't try to charge for something that was already there. I am renting the book so I don't know what you can and can not do in them, like highlight, or write with pencil. Anyways I refrain myself from doing any of it. The book itself is good it serve the purpose of what I need it for. I didn't not want to pay full price for a book that I was only gonna use one semester and then when I tried to sell it, I was gonna get a lousy amount for a book that is in the 100s \$\$\$\$. So renting was an excellent choice.

This book has what was required for class. Volume 1 is what what you need for the first semester of Italian.

I like the book. I think it is helpful as well and using it in class too.

Used for an Italian class, it was great! very well explained and you can use it even without a teacher

There was writing inside of the book. Other than that it's pretty much okay. I would probably rent another book.

If you go to 2nd level Italian, you'll need the rest of the book that's available for less with the entire >400pg version. Don't make the mistake I did & only get one volume.

came as stated and on time. perfect for my class and I absolutely love it. if you need books on time this is the one.

They worked and are beautiful!!! Totally satisfied. I am very fond of. Beyond my imagination, I think it might be bad. But when I received, I am very satisfied. Great product, most people do not believe I'm in the at such a low price to buy it. so pleased I bought another Very pleased with the purchase! It was fine.
