Quilled Mandalas: 30 Paper Projects For Creativity And Relaxation

Synopsis

Two hot trends—paper quilling and mandala-themed crafting—come together in 30 new projects from the co-owner of the popular company, Quilled Creations. Alli Bartkowski explains the basic tools and techniques of quilling, from curling and crimping the paper to forming scrolls, strips, and rolls. Detailed step-by-step photos show all the shapes needed for the projects, which come in an assortment of 4-, 6-, and 8-petaled designs with projects for the beginner, intermediate, and advanced quiller. Feel the calm and serenity created by the repetitive motions as you quill a Crimson Flower, Sunset, Snowflake, Peacock, and other vivid, beautiful mandalas.

Wanted to use this book before commenting. Found the directions clear and templates accurate. There's a mandala for every taste and the color photos make a quilter eager to try them all. These

mandalas are not quick to make, but final product is well worth the effort. I'd give more than five stars if I could. And, quilled mandalas are a terrific project to do with older grandkids.

Good projects, I've done about 3 so far. directions can get a little confusing, but not too confusing. I find sometimes that the dimentions they tell you don't work the best, like if it wan't you to make a circle size 2, it actually works better as a size 3 for that project. Things like that. But very creative and fun to do.

I am enthralled by this book. The instructions are clear and the projects are not only beautiful, but actually doable. There is a lot of helpful information in the front and each project includes a template.

Absolutely love the different and vibrant patterns. Will definitely be recommending this book.
