# Patio Roofs And Gazebos (Southern Living (Paperback Sunset))

## **Synopsis**

When it comes to building attractive, solidly constructed shade structures, everyone will be more than covered with Patio Roofs & Gazebos. Twenty projects offer updated, expanded directions for popular favorites as well as more contemporary designs, ranging from simple roofs to ornate gazebos. Step-by-step instructions, exploded plan views, and plenty of detailed photographs illustrate the planning, design, building, and finishing stages. --This text refers to an alternate Paperback edition.

## **Customer Reviews**

This book was good for simple, basic overheads for patios and/or decks. It gave some limited plans and recommendations for lumber. It also listed a variety of roofing materials but was somewhat unspecific on the pros and cons of each. We liked what the book did offer, but finished it feeling rather unsatisfied.

Helpful information, but not as good as "Gazebos & Other Structures". I'm not sure that the editors actually have built any of the structures described. Lots of cutesy California designs. Great photos of construction techniques, some of which could be challenged.

Great ideas and Photos.

Item as described. Thank you

GoooooD

This book helped me to design our gazebo and will be great help with a couple other projects we have in mind

Gave as gift, recipient seemed pleased

Great
