Customer Reviews

I am a big fan of trivia and brainteasers and puzzles. My friends and I often like to challenge each other with riddles and brainteasers. I have not read volume 1 of this series (yet). This ebook, Trivia Madness Volume 2: fun Trivia Questions About Anything is 200 pages of fun. The book includes a nice variety of categories/topics. It is fun and easy to read. Great if you enjoy trivia nights or need trivia questions regularly for a club or event. I like to use trivia questions and brainteasers at my son's Cub Scout meetings to get the boys quieted down while thinking of the answer and then excited when we answer and discuss. I was pleased that I was able to read new facts and trivia in this. I have read a lot of trivia books and most of them reiterate the same Q and A's. It is highly likely that I will be adding Volume 1 of this series to my collection very soon as well. I received this ebook at a discount in exchange for my genuine, unbiased review. The views and opinions in this review

are solely mine and are in no way influenced by the price I paid for this ebook.

Did you know that the dot over the lower case *ï* is called a title? Neither did I until I read this book! This book will definitely help better your chances of winning top prize at the next trivia contest! As somebody who LOVES trivia and considers himself VERY good at it, even I learned a lot of from this book! The book is set up in a way that makes it very fun and pleasurable to read. The format is as follows. Question, then answer. This makes it very easy to blow through hundreds of facts without getting bored due to an overabundance of text. Very cool! One small issue I have with this book is that some of these "facts" or trivia questions are no brainers. For instance, one trivia question reads: "Tomato and Chicken Noodle are popular flavors of what?" The answer is soup. Who would have thought? Sarcasm isn't very good on the Internet I guess. In short, while a majority of the facts and trivia questions in this book are good, I feel that there are a few "facts" and trivia questions here that are kind of no brainers, and should have been left out. If you love trivia like me, you'll definitely love this eBook! I received this eBook for free in exchange for an honest evaluative review.

This book was very interesting and fun to read. There were things in here that I didn't even know the answer to. It is a fun way to kill some time with family and friends. You can take it and turn it into a fun little trivia game. This book has a wide variety of trivia questions from presidents to general info. I had fun reading this book. It's a perfect way to improve your knowledge on certain things. You can use the information in this book to impress friends, family, and co-workers. I recommend this book to anyone that wants to take a break from life and have a little fun. I received this book for free or a discounted price for my honest review.

Me and my family had so much fun with this quiz. The questions are so well thought and very interesting and this quiz is great fun for the whole family. I felt in love with this game and I definitely recommend it to everybody who wants to learn something and in the same time laugh a lot!

This is a great book for leisurely reading and fun trivia. With the information I have learned in this book I am confident I will be able to hold my own in any trivia game among friends and colleagues. You can also use some of the subjects as great conversation starters when you're out and about

and run into new faces. I definitely recommend this book. Disclaimer: I was provided this book for free or at a discount in exchange for my honest, non-biased review.

Wow, this book kept me awake for ages! It's everything that you can wish in a book that promises to be fun and excitement. It's all that and more. Except for being entertained you are learning a lot of new things about the whole world and it's great for parties where you will be the main man with these facts and questions. I was amazed by all the information that this book contains and fully satisfied.

Comforting, relaxing reading

excellent book for my trivia class, everyone in class enjoys it.
