# How To Play Tennis: The Complete Guide To The Rules Of Tennis, Tennis Scoring, Tennis Grips And Strokes, And Tennis Tips For Singles & Doubles

## Synopsis

If you're new to the game of tennis, and want to go from Neophyte to Know-It-All, then this book is for you! Tennis is a challenging and fun game, both mentally and physically. It is popular with women and men, and can be played by small children and retirees alike at varying levels of competitiveness. If you've just recently begun playing, you may find the sport a bit disorienting, especially when it comes to serving accurately and controlling your shots. This book will help you understand the basics of how to play tennis, and it will also help you dial in some crucial yet fundamental tennis skills.

## Customer Reviews

I love sports but I don't play tennis much, I'm always into basketball and swimming. It's because, I don't know much about playing tennis. I'd like to try this now because one of my colleagues asked me to play with him. I want to learn about it more so I grabbed this book. It didn't disappoint me because I learned a lot about it because of this book. Now I'm confident to play with my colleague because I now know how to play tennis right. Thanks to the author of this book. I highly recommend this.

I've been thinking about taking up tennis to add into my fitness routine. I picked up this book to understand more about the game. I loved that the book was well-written and organized. The rules and type of the game, is explained very well. The book provided some tips and strategies to improve your game or get you started in the right way. I recommend this book to tennis beginners like me or

players looking to improve your game.

This book is a simple, easy to understand guide for those interested in learning the game. Very useful information one will be able to practice right away. It would have been easier to learn the grips with pictures.

This book was good. Great information on scoring and how to properly play tennis. I also liked the strategies around serving and things related. This book was perfect for people like me just wanting to get started. I highly recommend this.

Just moved into an area where we have tennis courts across the street and have always wanted to learn how to play. This book was just what I needed. Great information on scoring and how to properly play tennis. I also liked the strategies around serving and things related. This book was perfect for people like me just wanting to get started.

This is a good book on the basics of tennis. I know better now how the game is regulated. When it comes to keeping scores, when it comes to different kinds of serves. This is a good study guide to learn tennis.

This book will teach you how to play tennis. From the way you grip correctly and strokes. It also entails all of the rules that tennis has on singles or doubles game. Reading this make me understand more and be interested in tennis. Nice book!

This book will help you learn and understand the beauty of this game. Tennis was one of the games/activity which I love to do, as well as how the proper grip of the tennis racket will also be explained. You will also discover that buying the right racquet is also important as how your grip would feel. To those who are new in this sport, give yourselves sometime to get the hang of it because it's totally different when you're watching it from the television or as a spectator compared to when you're the one who is actually playing...
