Since 1973, Rick Steves has spent about four months a year exploring Europe. His mission: to empower Americans to have European trips that are fun, affordable, and culturally broadening. Rick produces a best-selling guidebook series, a public television series, and a public radio show, and organizes small-group tours that take over 20,000 travelers to Europe annually. He does all of this with the help of a hardworking, well-traveled staff of 100 at Rick Steves' Europe in Edmonds, Washington, near Seattle. When not on the road, Rick is active in his church and with advocacy groups focused on economic justice, drug policy reform, and ending hunger. To recharge, Rick plays piano, relaxes at his family cabin in the Cascade Mountains, and spends time with his partner Trish, son Andy, and daughter Jackie. This is just what we needed for our trip to Italy. It hits all the highlights, without the parts of Italy we are not interested in. The students love the color photos and the organization of the book.

Always trust Rick Steves on travel advice. Another good, well written travel advice. I would have given it 5 stars but doesn't include all of Italy so didn't have all the information we were looking for, but will definitely use the suggestions of areas that were included in the book. "Addio"

Some good tips on what to see, how best to visit, with sufficient background material on what things are. It helped us on our trip in several places.

Worked great for 10 days in Umbria and Rome!

Great information

Great guide

The book is ok but I regret not getting the Italy guidebook. We are only going to Cinque Terre and Lakes District with flying in & out of Milan. I don't know what I was expecting but didn't give me as much info as the guidebook does. The colored pictures in it are nice, and it'll get me by but I'm still

considering getting the guidebook anyway. Need the transportation info, sites, and the self guided tours of each location that Rick goes more into in guidebook. Was satisfied with delivery though.

I prefer this book because of all the color instead of all black and white. I have both, but the Best Of... are the best for me.
