Latin Alive! Book Two (Latin Edition)

Synopsis

Latin Alive! Book 2 continues the relevant, rigorous, and incremental Latin instruction begun in Latin Alive! Book 1. The series is designed to make Latin come alive for middle and high school students, showing the relevance and power of Latin in history, ancient and contemporary culture, the Romance languages, English derivatives, and the grammatical structure of English. It also features original Latin writings, giving students access to the works of great Latin authors in their original tongue. As the second text in a three-year series, Latin Alive! Book 2 is an entry point to advanced grammatical studies, and also includes considerable review. Latin Alive! Book 2 features:

Thirty-three weekly chapters including twenty-seven new content chapters and six reading-review chapters
Weekly introduction of vocabulary Introduces the passive voice in all tenses; past, present and future participles; deponent and irregular verbs; comparative and superlative adjectives and adverbs
Reviews the grammar of Latin Alive! Book 1, including all noun declension and verb conjugations, use of pronouns, prepositions, adjectives and adverbs
Each chapter begins with a Latin motto from a different nation, each strategically chosen to introduce a new grammar concept
Extensive study of the Latin derivatives of English words
Substantial Latin readings and translation exercises
Lessons and stories of Roman culture, myths, and history
Exercises and questions to prepare students for the National Latin Exam and the Advanced Placement Exam
Historical and literary contributions by historian Christopher Schlect and renowned classical scholars Karl Galinsky and Timothy Moore
An accompanying Latin Alive! Book 2 Teacher's Edition is also available. It includes the entire student book, more extensive explanation, teacher's tips, additional student exercises, and unit tests.

Customer Reviews

You need this book to accomplish the course of Latin Alive 2. It moves a bit quickly in concepts in my opinion but I am not a Latin expert. Perhaps all those concepts must be covered to successfully take the National Latin Exam. I like that the teacher book mirrors the student book.

A wonderful children's Latin book!

LATIN IS STILL A VERY USED LANGUAGE IN LATIN AND MEDICINE AND THIS BOOK MAKES HOMESCHOOL LATIN EASY TO LEARN AND STUDY. BUT GET THE TEACHERS EDITION TO FACILITATE LESSONS.

book arrived on time with no issues. Book is easy to read and understand.
