Customer Reviews

A highly useful resource - accessible material of high quality.

As a member of a Choir in the Episcopal Church which sings Cathedral music every Sunday this book has been a godsend to those of us in the choir. We sing at least one Anthem every week from this book and the responses we receive from the congregation is a wonderful tribute to those responsible for compiling this book.

These anthems are easy enough that a choir that reads music can learn them in a few tries. They

sound complicated but are easy adaptations of classics.

Very good anthems, many of which are brief with a contemporary style.

Purchased these for our small church choir whose members have varying degrees of musical skills. It's a terrific resource, a go-to anthology that is very useful. Highly recommended!

We just received this book for the Academy. It is requested by the Academy and it provides an excellent source for choir education. The school is known for it's choir teaching.
