Darling, I Love You: Poems From The Hearts Of Our Glorious Mutts And All Our Animal Friends

Synopsis

A heartwarming collection of short verse celebrating our beloved pets and the wonder of life. Daniel Ladinsky is the internationally acclaimed poet and translator known for his inspired, contemporary versions of works by Hafiz, Rumi, St. Francis of Assisi, and poet-saints East and West. Patrick McDonnell is the venerated author, artist, and creator of the beloved MUTTS comic strip. In *Darling, I Love You!* these two artists have collaborated for the first time to create a delightful, universal collection of sweet, welcome-to-the-moment poems about the essential places animals and wonder hold in our lives and in our hearts, accompanied by line drawings of the illustrious MUTTS characters that readers have come to know and love. “Pet owners will chuckle knowingly about the way the speakers shift between simple observations and deeper statements . . . that remind us why humans need animals as much as they need us.” —The Washington Post

...spacious, sweet and delighting. So enjoyable to read it! I bought the ebook first, for myself, and then the paper book as a gift for a dear friend who is an animal lover and a spiritual researcher.
