Best Sellers Rank: #150,109 in Books (See Top 100 in Books) #78 in [Books > Cookbooks, Food & Wine > Main Courses & Side Dishes > Soups & Stews](#)

Customer Reviews

Is It Soup Yet? has something to please everyone, from hearty Hamburger Soup for the meat-and-potatoes crowd to elegant Wild Rice and Shiitake Mushroom Soup for gourmets. Included in the 118 recipes are classics like Corn Chowder, Tomato Rice, and Seafood Gumbo, and adventures like Cream of Brie and Leek Soup. One chapter is devoted to soups made in 20 minutes, another to using a crock pot, and yet another to soups made from leftovers such as baked beans or spaghetti and meatballs. This book has a mixed personality. Cooks in a hurry will be comfortable with some of Vartan's sensible shortcuts, such as using frozen vegetables or canned broth in some recipes. However, her use of garlic powder and parsley flakes may not sit well with more-refined cooks. Some of the very best soups in this book are international choices like Chinese Sizzling Rice and a German Sauerkraut Soup. There are also highly creative recipes, including an Eggplant Ratatouille, Potato with Horseradish, and Chicken Passarelli, which contains bread-crumb dumplings. Cheerful illustrations by Shelly Reeves Smith, a greeting-card designer, help make Is It Soup Yet? a bright and breezy cooking companion. --Dana Jacobi

The best soup book I have ever owned. I bought this one for a gift

As I write this, there is a pot of Hamburger Soup and a pot of Broccoli Cheddar Cheese Soup

simmering on the stove. Literally, the most difficult step in making the Hamburger Soup was browning the meat. I usually do most of my cooking on weekends so that I don't have to come home from work and start cooking a dinner meal. But these recipes are so easy and quick that you can easily put them together in minutes... I also appreciate that the recipes reflect the trend to use ingredients containing low or no-fat. I used skim milk in making the Broccoli Cheddar Cheese soup with the same amount of flour to make a roux, and it turned out beautifully. This is a book that belongs on a coffee table as the illustrations, similar to those found in a children's book, are striking. Soup is a great comfort food and this book won't disappoint. This will make a great gift for novice or experienced cooks.

This is the best soup cook book I have ever owned. This book was purchased as a gift for my brother who is a great cook and always loved the soups I have made from it. The illustrations are wonderful and fun to look at.

The soups I've tried have not been memorable, but not bad. What I really like about this little cookbook are the illustrations, fun to just browse recipes and enjoy the artwork.

Good book.

Not what I expected, Nothing great or exciting, can get better recipes on the side of a box or can label.

I have a copy of this book that was a gift to me several years ago. I bought it again to give to my son and daughter in law as a gift. I've used it many times.

Great recipes, and enjoy looking at the lovely illustrations. I think it is a perfect gift for those who love to cook. I use these recipes for almost all my soups, sometimes with a little variation.
