Customer Reviews

Do you have a limited amount of time to work on quilts and do you have an enormous stash that just keeps growing? Put the two together with any of these eleven projects and create quick and easy quilts. Follow all of the techniques and tips including the alternative use of glue, instead of pins, to secure seams whilst sewing and you are ready to begin. The first project, "Black and White", was the inspiration to create more of these simple, but pleasing quilts in different fabrics; rich batiks, solids, florals and animals, in fact, anything and everything; the possibilities are endless. --Fabrications Quilting for You Magazine, Sept/Oct 2016

I loved this. I loaded it on my ebook. Some great ideas and with the ebook/kindle app received and was able to read immediately.

Love the design s and detailed information. Reading while on a trip and ready to get home to begin piecing.

Can't wait to try it.

Great ideas for making a relatively quick quilt. The batiks are the best - love 'em!
